UML DEVELOPMENT
RESEARCH LIBRARY
REC'D _____

As people used to be wrong about the motion of the sun, so they are still wrong about the motion of the future. The future stands still; it is we who move in infinite space.

Rainer Maria Rilke

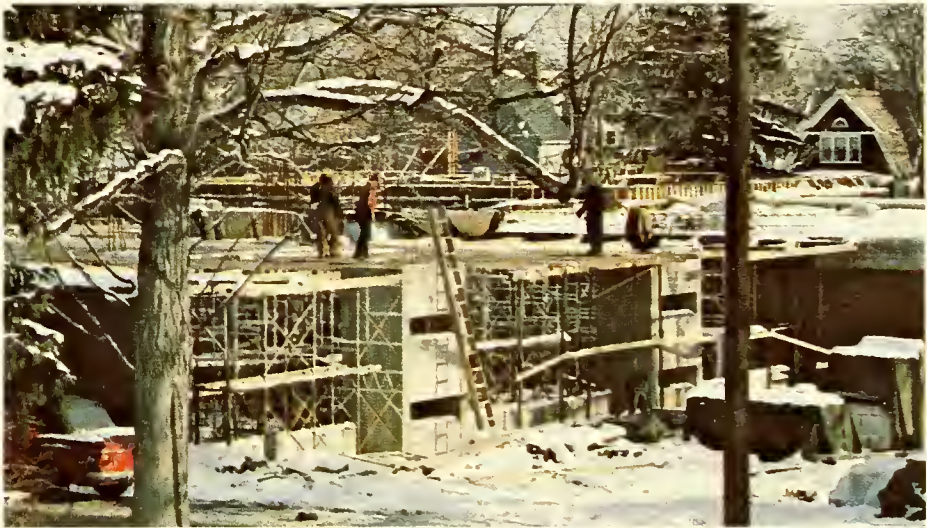

The intellectual limitations of the human mind, and the natural limitations of our circumstances cannot hinder man in the pursuit of his goals. However, the goals of man cannot be attained without, first, the discovery of self. We are ultimately seeking our own identity. Through this book, we have attempted to portray this constant search which has been the primary motivation of our college career.

Marcia C. Cuddy
Editor-in-Chief

Concordia Hall

We are happier in solitude than in the world.
Isn't the reason that in solitude we are forced to
think about things, but in the world we have to
think about people?

Nicolas Chamfort

To the great delight of the human heart, the essence of communication lies, not in speaking or touching, but in the simple joy of reaching out to another.

The soul, too, has her virginity and must
bleed a little before bearing fruit.
George Santayana

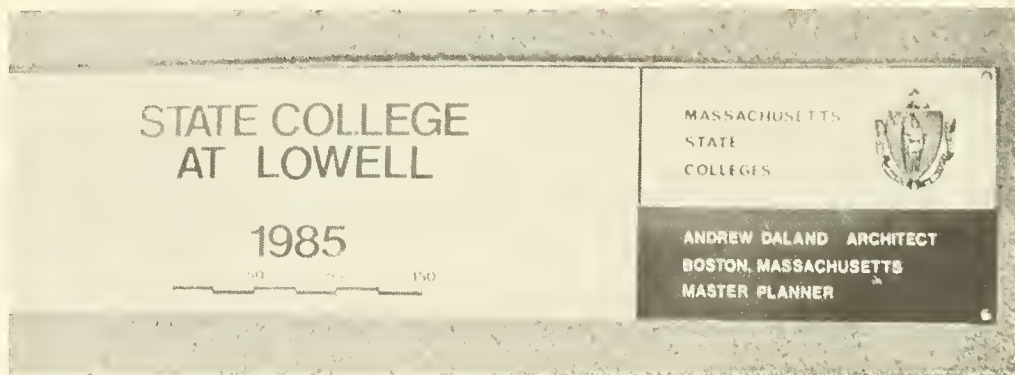

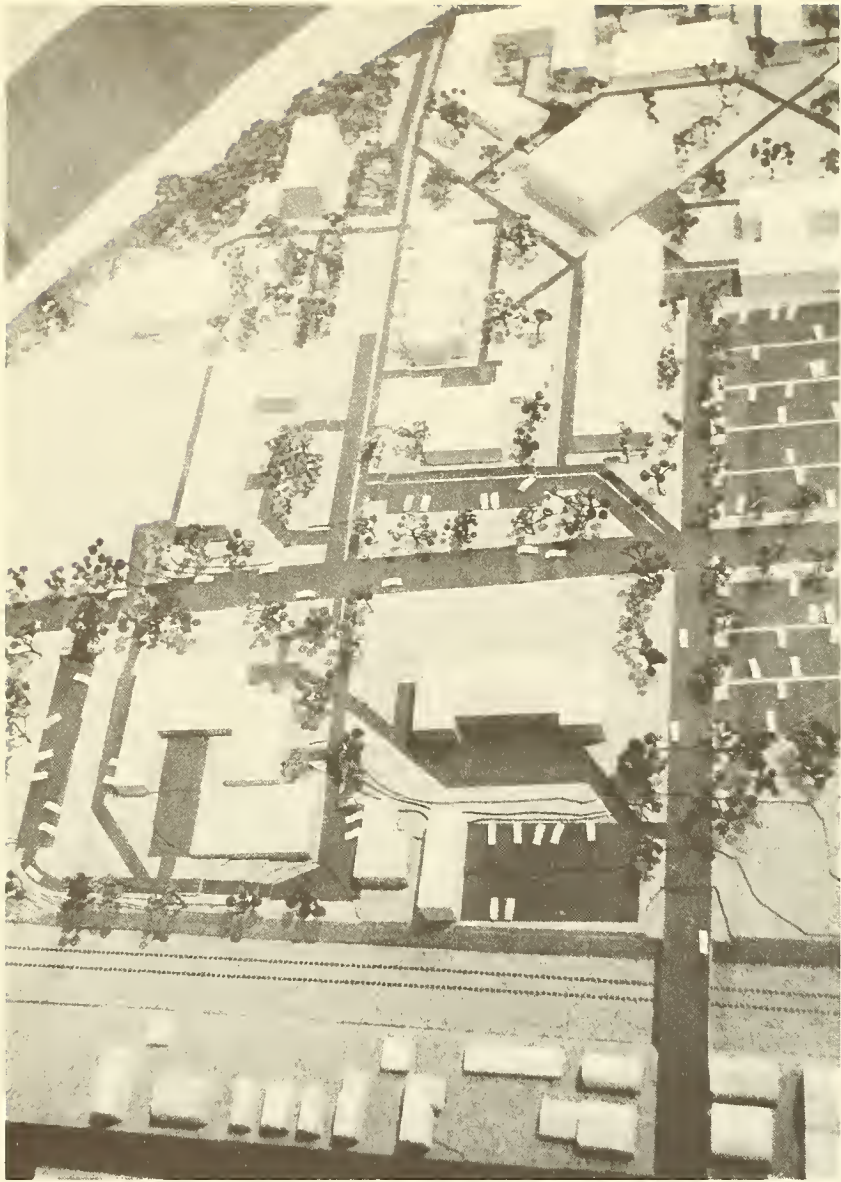

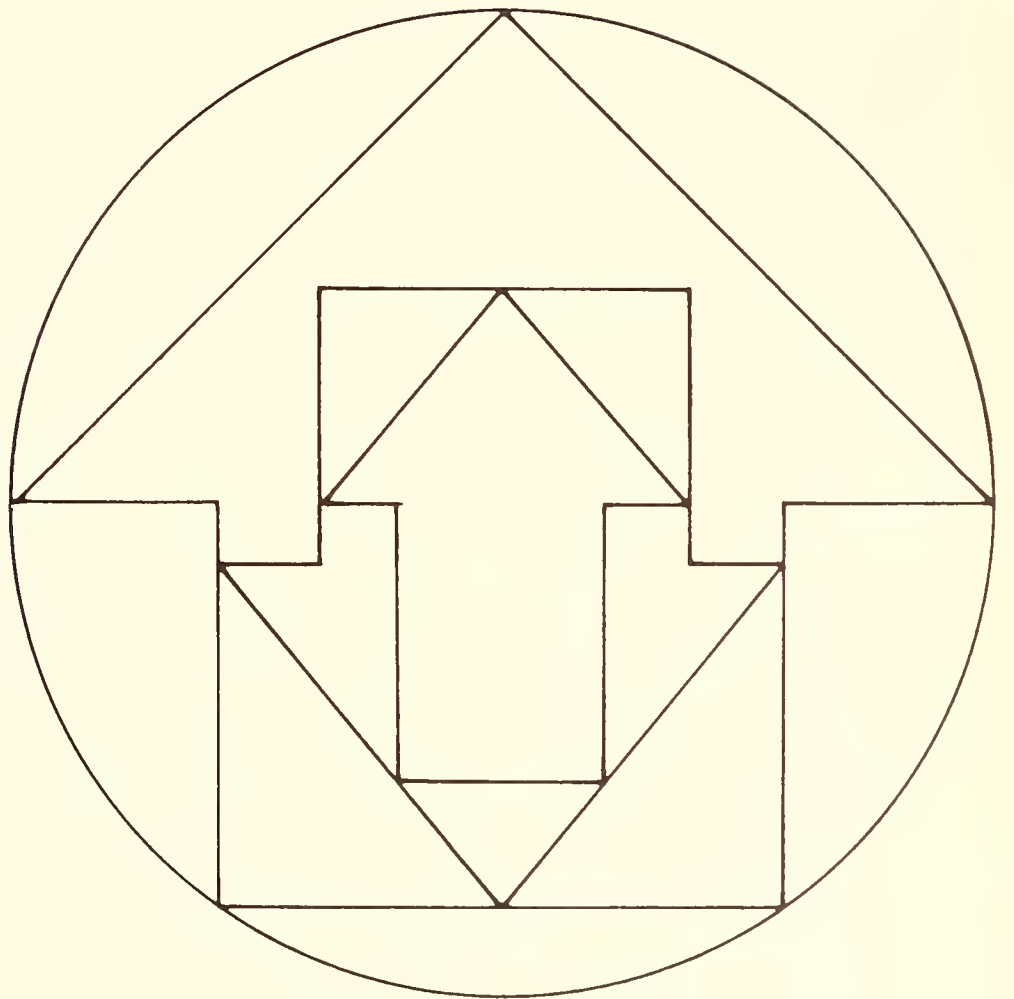

What I began by reading, I must finish by acting.
Henry David Thoreau

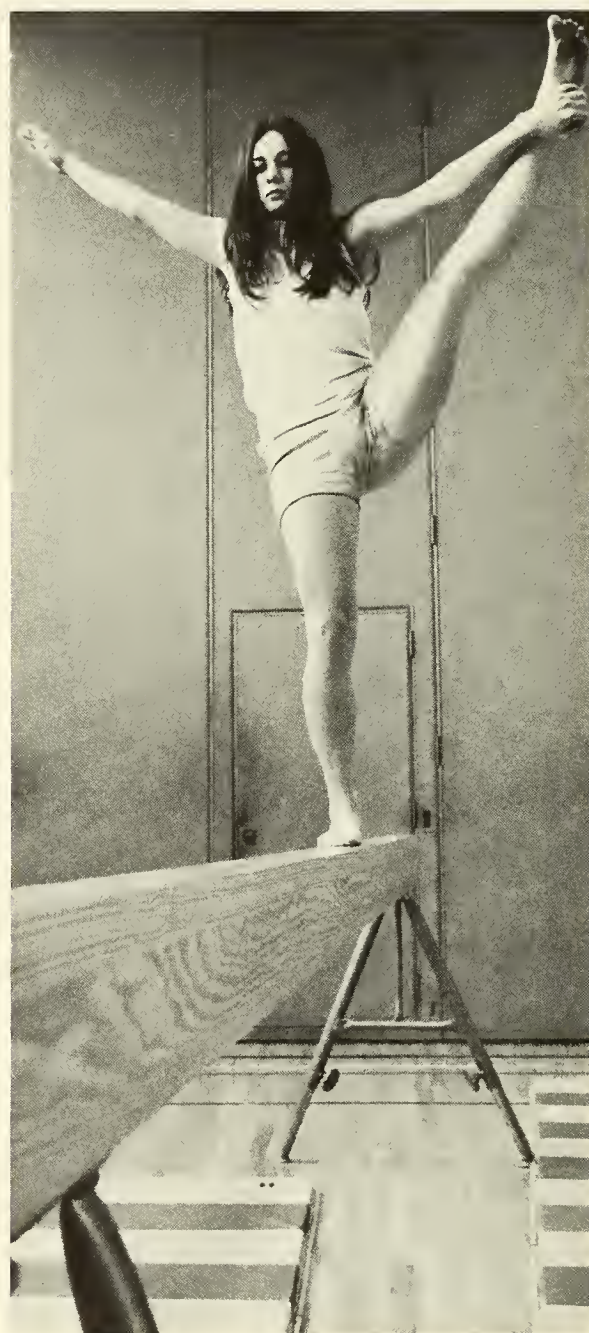

IDENTITY of
the **INDIVIDUAL**

Well something's
lost, but
something's
gained
In living ev'ry
day.

Joni Mitchell

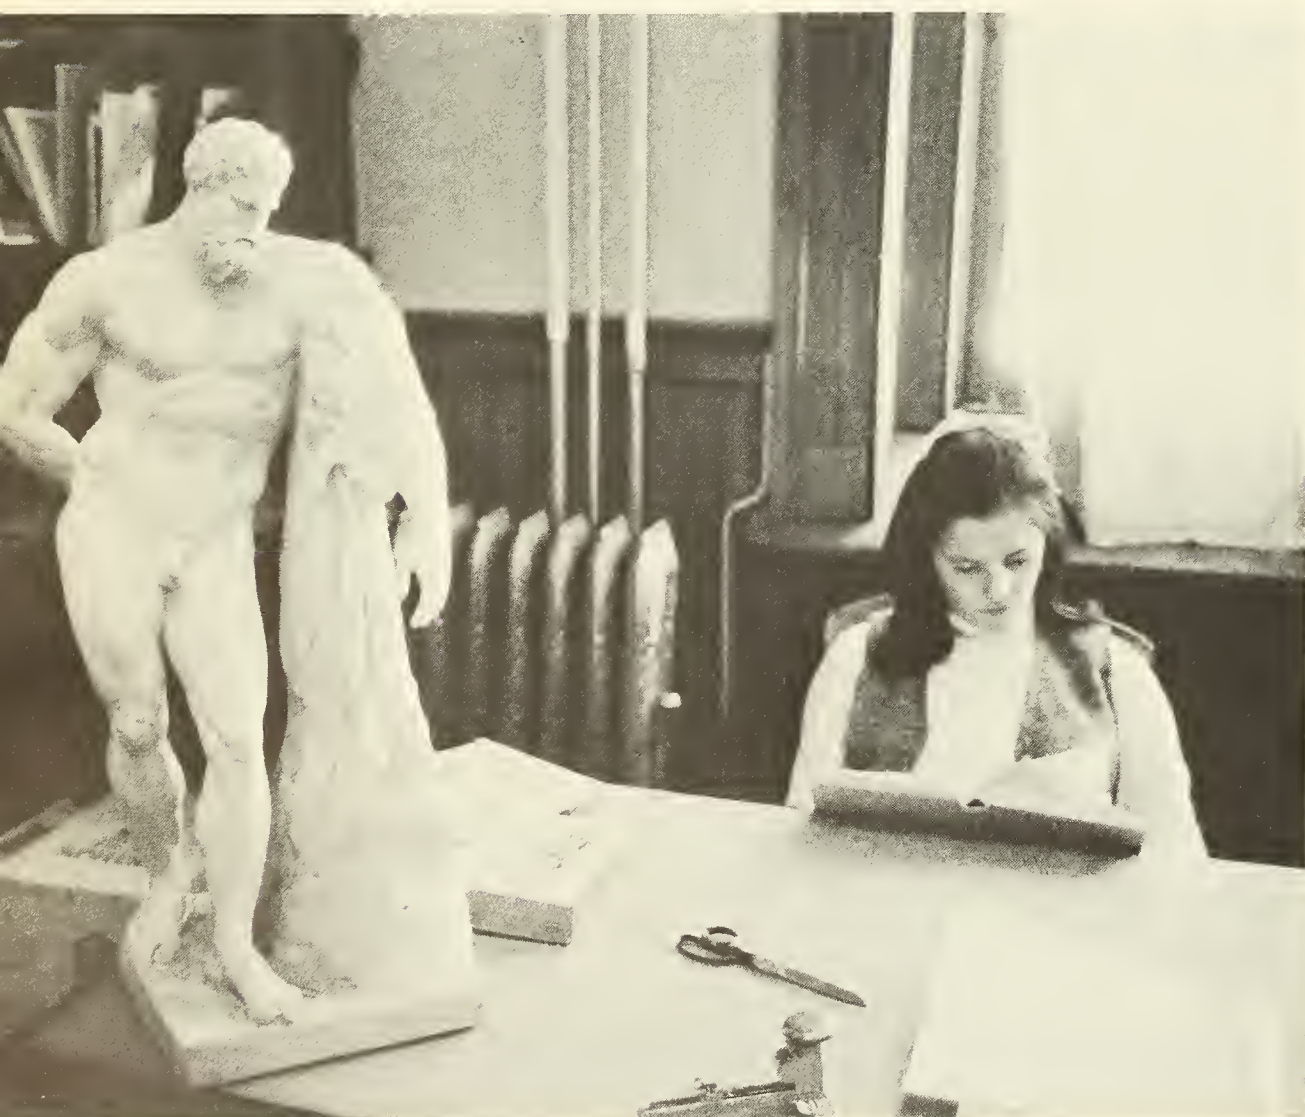

Got no deeds to do,
No promises to keep.
I'm dappled and drowsy
and ready to sleep.
Let the morning drop all its
petals on me . . .

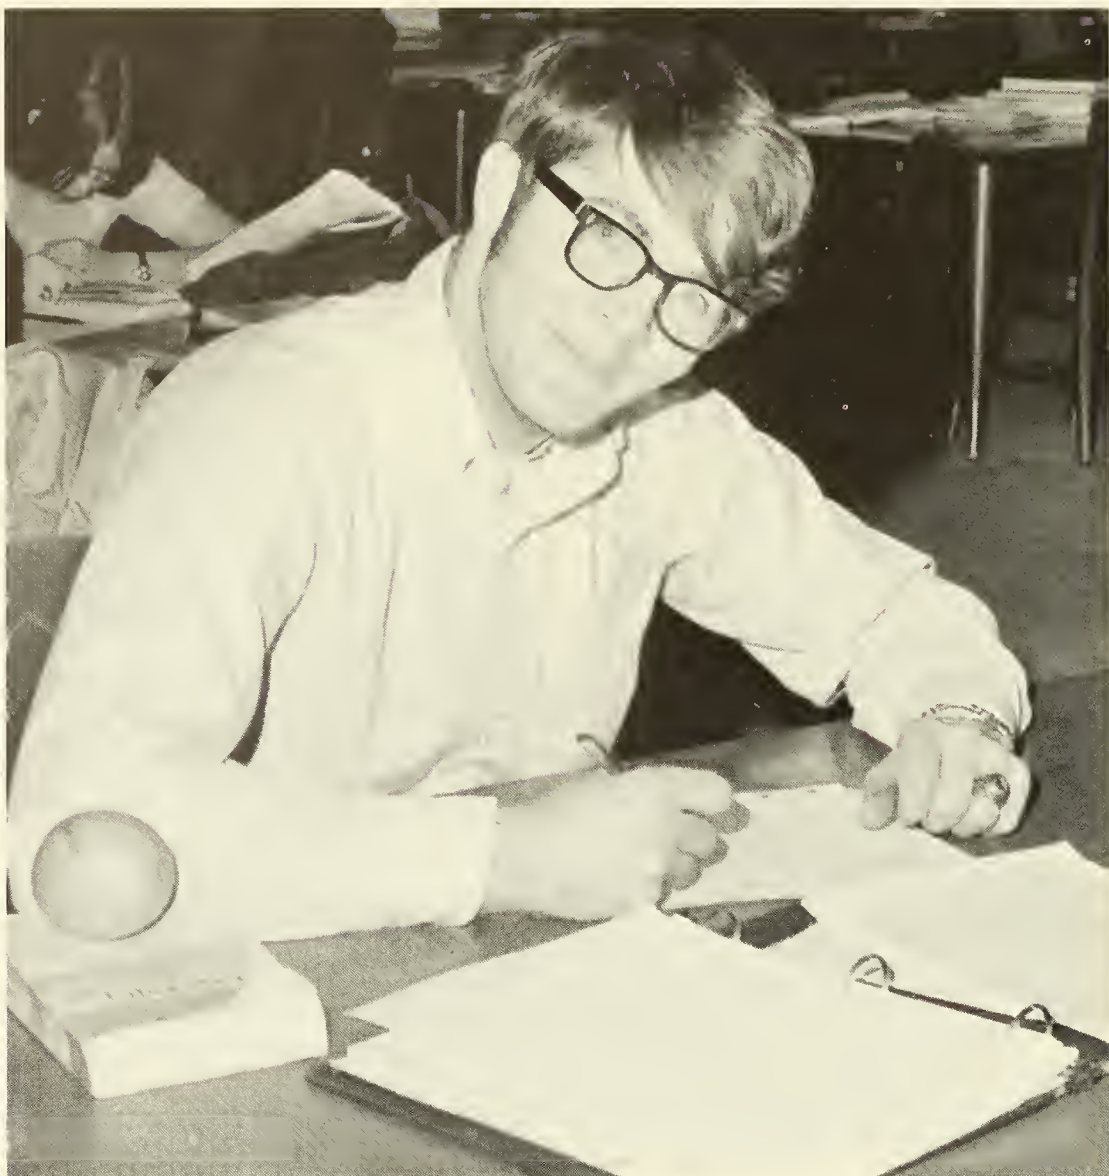

Life, I love you.
All is groovy.

Paul Simon

Happiness is the only good. The time to be happy is now . . .

The place to be happy is here.
The way to be happy is to make
others so.

R. G. Ingersoll

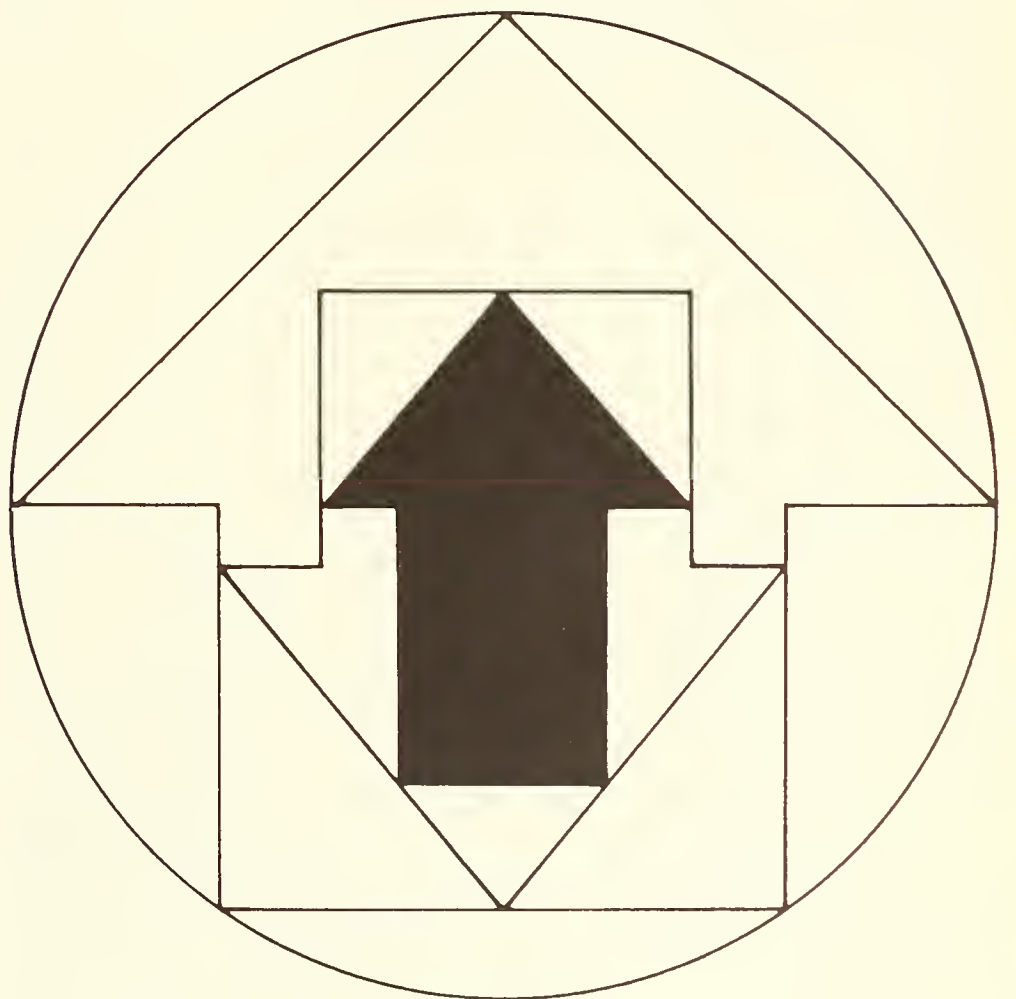

There'll be new dreams
Maybe better dreams and
plenty,
Before the last
revolving year is
through.

Joni Mitchell

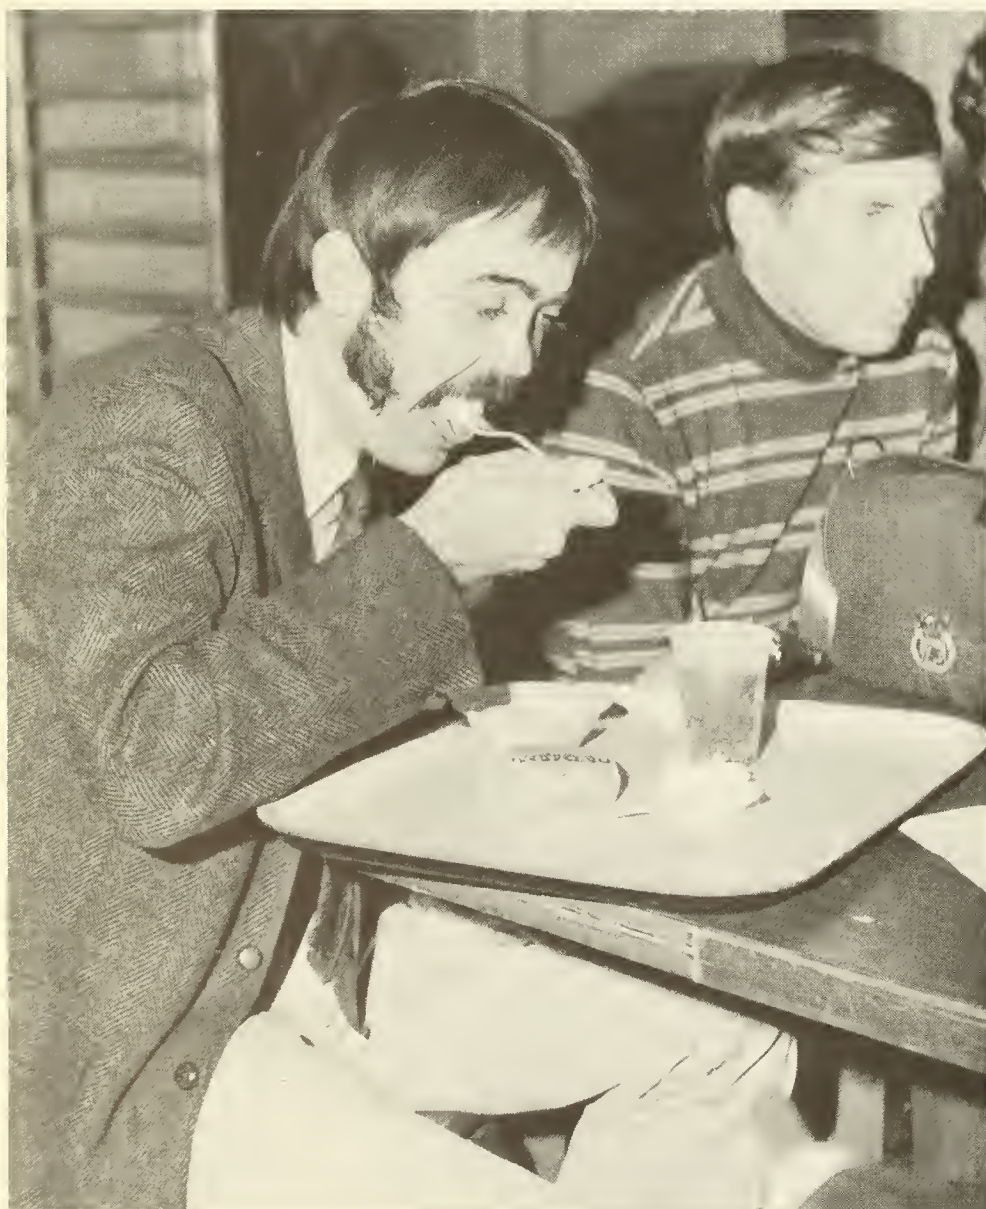

IDENTITY of the
STUDENT on
CAMPUS

These are places I remember
all my life, though some have
changed.
Some forever not for better
Some have gone and some
remain

John Lennon

IDENTITY of the
STUDENT in the
COMMUNITY

We fill ourselves with joy and serenity when we put our hand out to a child . . .

because he understands that gratitude
is best expressed not in a word, but
in a look, in a smile, in a touch.
in a touch.

Those who will follow.
Let us not mold their
minds. Rather, let us
contribute to the future
by instilling in them
a clear and gentle
perception of all that
surrounds them.

The nature of love is to destroy all antagonism . . .

It brings together;
it begetteth union,
and from union cometh
peace.

Orestes A. Brownson

When you've seen beyond
yourself—then you may find,
peace of mind, is waiting
there—

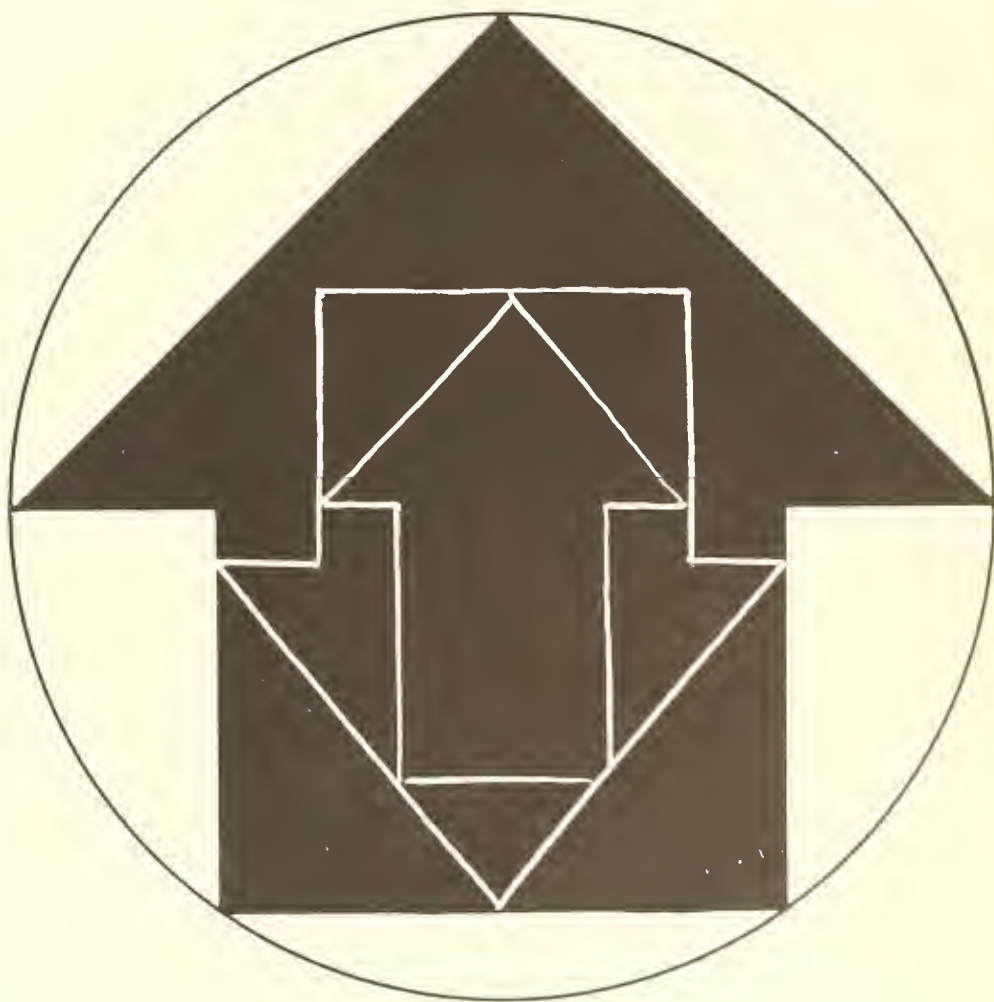

And the time will come when
you see we're all one, and
life flows on within you
and without you.

George Harrison

ADMINISTRATION

and **FACULTY**

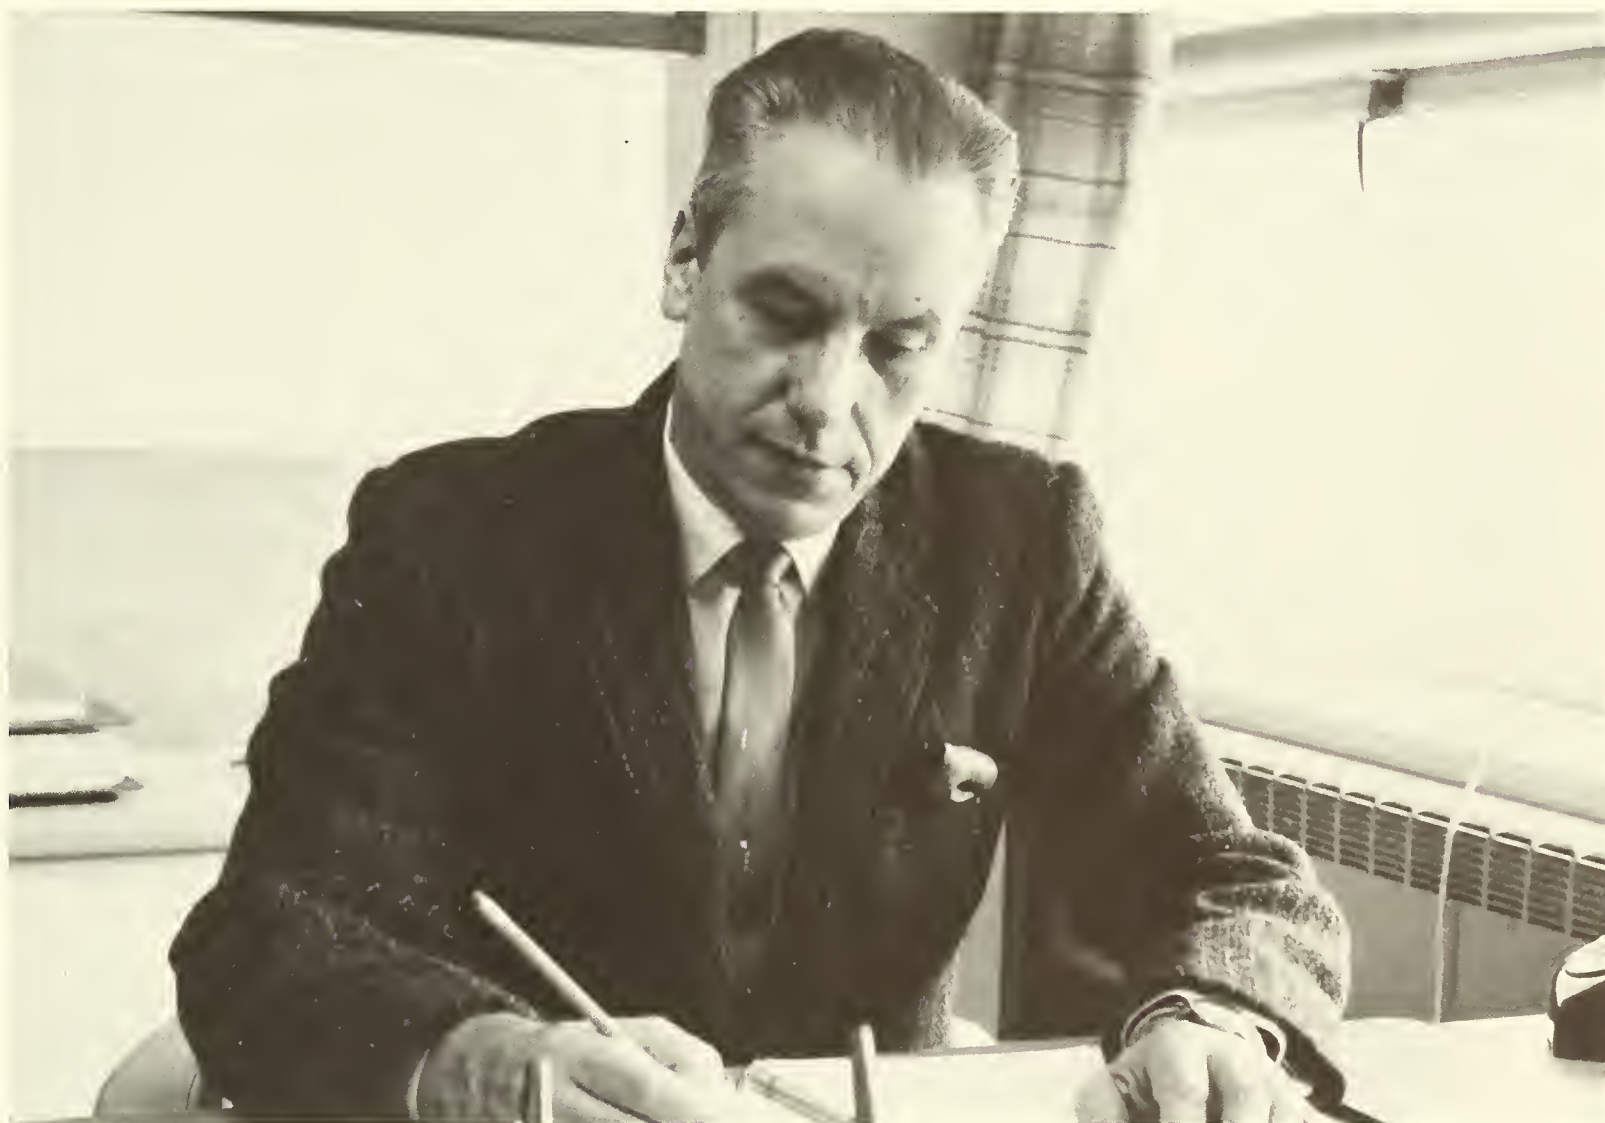

“But thou shalt face thy fortunes
Thy diseases and surmount them all,
The present holds thee not—
For such unparallel'd flight as
Thine, such brood as thine
The future only holds thee.”

Walt Whitman's century old prophesy renews our faith in the divinity which shapes our end, our hope for a future purged of physical and moral pollution, our love encompassing all peoples, creeds and colors.

May your future be blessed as I bless you on parting.

Sincerely,
Daniel H. O'Leary
President

In Memory of
Dr. William R. Fisher, Dean of Graduate School

If I can stop one heart from breaking
I shall not live in vain
If I can ease one life the aching
Or cool one pain
Or help one fainting robin
Unto his nest again
I shall not live in vain.

Emily Dickinson
